Using your plan

Health Care costs shouldn't take you by surprise. From our cost estimator to our Find-a-Doctor tool, we'll help you understand the factors that influence how much you pay for care.

What We Each Pay

Until you meet your deductible each calendar year, you pay 100% of doctor and hospital bills.

In some cases, you may still pay copays after you have met your deductible.

Once you have met your deductible, we begin to share the costs until you meet your out-of-pocket maximum.

Once you meet your out-of-pocket maximum, we pay all covered expenses for the rest of the calendar year.

Note: For some high-deductible health plans, the deductible and out-of-pocket maximum may be the same.

Find an In-Network Doctor and Compare Costs

Using the University of NE System Network providers usually means lower costs and less paperwork for you. Find an in-network doctor or dentist through your online member account at **myNebraskaBlue.com**.

Here, you can also compare costs for services between doctors or facilities. Costs can vary greatly depending where you go – even within your plan's provider network. Explore your options to get the best care for you.

Use the cost estimator to have more informed conversations with

your doctor about your treatment options and the associated costs.

If you travel outside Nebraska, you can access in-network doctors and hospitals through our national network, called BlueCard. Outside of the United States, you have access to care in nearly 200 countries and territories around the world.

You may also search as a guest for an in-network doctor at NebraskaBlue.com/DoctorFinder. You will need to select University of NE System Network from the network drop-down list.

With our Find-a-Doctor tool, you can:

- Find in-network doctors, dentists or facilities
- See costs before a procedure
- Plan your treatment and recovery

Frequently Asked Questions

Can I still use the same retail pharmacy I have always used?

Yes, you can continue to use the same local retail pharmacy to fill your prescription. Your EmpiRx Health pharmacy benefit program provides access to an extensive national pharmacy network, including major chains and most independent pharmacies. Please provide your combined medical history and BCBSNE member ID card to your retail pharmacy so they can process your prescriptions through EmpiRx Health.

How much medication can I fill at retail? Through mail order?

Prescriptions filled at most retail pharmacies are limited to a 90-day supply. University of Nebraska System Pharmacies, Target/CVS, Safeway Inc, Publix, Rite Aid, Costco Pharmacies, Walgreens, Albertsons, Giant Eagle, Stop and Shop and Walmart may allow up to a 90-day supply of medications at a time. You can also get up to a 90-day supply through the mail order pharmacy. Specialty medications are always limited to a 30-day supply.

What is a specialty medication?

Specialty medications are medications that require special handling, personalized care, monitoring, or special delivery needs. These products require specialized clinical management, patient education and training, as well as specific packing, shipping, and handling requirements. Specialty medications include treatments used in disease states such as arthritis, hepatitis, multiple sclerosis, oncology, and other therapies where compliance plays a key factor in treatment goals and outcomes.

Certain specialty medications may be classified as limited distributed drugs and would be only available at specific pharmacies. If Prescription Mart is unable to dispense a limited distribution drug, the prescription is transferred to a limited distribution pharmacy. Patients will be notified when their prescription is transferred, and the limited distribution pharmacy will contact the patient to make final arrangements for shipment and delivery.

What is a specialty consultation?

For every specialty medication we dispense (including limited distribution drugs), patients receive a one-on-one consultation with one of our experienced nurses or pharmacists. During the consultation, a clinician counsels the patient on appropriate administration, management of potential side effects, and proper dosing of their prescribed medication. EmpiRx Health's goal is to confirm the safety and effectiveness of prescriptions for our members. In the event a

prescription is changed, we make the process seamless for you by working behind the scenes with your prescriber. You will always be notified by either your prescriber or EmpiRx Health in the event of a change.

How do I use the mail order pharmacy?

Your prescriber can submit the prescription electronically to our mail order pharmacy Prescription Mart or by fax to Prescription Mart at 1-409-866-1317. Be sure the information includes patient name, cardholder name, BCBSNE member ID number, shipping

address, and patient date of birth. Only prescriptions from a doctor's office will be accepted via fax. If you choose to submit your prescription by mail, complete the mail order form included with your Welcome Packet. Attach your prescription and submit them both in the pre-addressed envelope.

Glossary

Insurance can be confusing. Let's clear up some common terms.

Coinsurance

The percentage of the covered charges you pay after your deductible has been met.

Coordination of Benefits (COB)

Some members have more than one health or dental plan. One plan becomes your primary plan. It pays your claims first. The second plan may pay toward the remaining costs. This allows health and dental carriers to work together to help reduce your out-of-pocket expenses for medical, dental and pharmacy claims. Visit [NebraskaBlue.com/COB](https://www.NebraskaBlue.com/COB) to learn more.

Copayment or Copay

A fixed amount you pay each time you get certain types of treatment. For example, a visit to your primary care doctor may be \$25 or an urgent care visit may be \$50. Refer to your schedule of benefits.

Deductible

A fixed dollar amount you pay for covered services each calendar year before benefits are available.

Explanation of Benefits (EOB)

After a visit to a doctor or hospital, we send you a statement that outlines the services you received, how much they cost and how much we paid on your behalf.

Out-of-Pocket Maximum

This is the most you would pay in cost sharing in a year. This includes your deductibles, copays and coinsurance. Once you meet this amount, we pay all covered expenses for the rest of the year.

If you have additional questions on benefit caps, how your plan works and more, visit [NebraskaBlue.com/FAQ](https://www.NebraskaBlue.com/FAQ).

Administrative and Legal Information

PLAN DOCUMENTS

Your Certificate of Coverage (COC) or Summary Plan Description (SPD) explains the benefits you and your covered family members have under your plan. These documents explain the services that will and will not be covered, and it outlines your obligations, such as when you are required to make copayments and pay deductibles and details the appeal process you should follow if you disagree with a decision we made on your or a family member's claim.

You can find your plan documents, along with other benefit information, on NebraskaBlue.com/Plans.

Contact your employer for a copy of your plan document.

GENERAL COMPLAINTS

You have the right to make a complaint or file an appeal about your health plan, any care you receive or any benefit determination your health plan makes. To file a complaint, please call the Member Services number on the back of your member ID card.

IMPORTANT PRIVACY INFORMATION

Please take a moment to read this information. While we have always followed strict policies to maintain the confidentiality of your records, some modifications to our policies have been mandated by the federal Health Insurance Portability and Accountability Act of 1996 (HIPAA), which is discussed in more detail below.

HIPAA affects how we communicate with you and other adult members of your family

1. Written Communications and

Correspondence: All members of a family who are 18 years or older are treated as "Adult Members," which means that any correspondence that contains protected health information (as defined by HIPAA) is addressed and sent to them in their own name. This correspondence includes, among other things, Explanation of Benefits (EOBs).

2. Telephone Inquiries: Blue Cross and Blue Shield of Nebraska discusses questions pertaining to an "Adult Member" with that person only. In order to discuss their information with any other person, even a family member, the "Adult Member" must submit a completed and signed Authorization for Release of Protected Health Information form.

What does this mean for you and your family?

1. We do not need an authorization form to talk with you about your own protected health information.
2. We do not need an authorization form to communicate with your doctor or other health care providers.
3. You do not need to sign an authorization form unless you want to allow us to talk to your spouse or any other individual about your protected health information. In those cases, we need an authorization form from you designating that individual or those individuals.
4. If you want to call us regarding claim status, eligibility, preauthorization, individual and family deductibles or any other information regarding your spouse or an "Adult Member" of your family, we need to have an authorization form on file from that "Adult Member." Otherwise, we can only discuss the protected health information directly with the "Adult Member." ("Adult Members" include children who have reached the age of majority.)
5. We also need an authorization form on file for anyone else outside your family to receive your protected health information. This would include another person such as an executor, legal or personal representative.

Import considerations and next steps

Authorizations are not a requirement. It is the choice of each "Adult Member." However, some families prefer to have a certain family member

handle all health care and health insurance matters. That arrangement may continue, but only if authorizations are signed by the other "Adult Members" of the family.

If you have any questions about the information, please visit NebraskaBlue.com/Privacy or call the Member Services number on the back of your ID card.

You have certain rights related to your PHI.

Right to Request Restrictions. You have the right to request that we place additional restrictions on our use and/or disclosure of your PHI for treatment, payment or health care operations. We are not required to agree to any additional restrictions; however, if we do, we will abide by those restrictions (except in emergency situations). To request additional restrictions, you must complete and sign a form available by contacting us at the address or phone number listed at the end of this notice.

Right to Receive Confidential Communications. You have the right to request that we communicate with you confidentially about your PHI by alternative means and/or to an alternative location. Your request must provide the alternative means and/or location for communicating your PHI with you and clearly state that failure to do so could endanger your physical safety. To request confidential communications, you must complete and sign a form available by contacting us at the address or phone number listed at the end of this notice.

Right to Inspect and Copy. Subject to the following exceptions, you have the right to inspect and/or obtain copies of your PHI that

we maintain. This may include an electronic copy in certain circumstances if requested in writing. To request to inspect and copy your PHI, you must complete and sign a form available by contacting us.

Please note that you are not entitled to inspect and/or copy:

- any psychotherapy notes
- any information compiled in anticipation of or for use in any civil, criminal or administrative action or proceeding;
- any information not subject to disclosure under the Clinical Laboratory Improvements Amendments 1988 (42 U.S.C. § 263a)
- certain other records as specified in the HIPAA Privacy Rule.

Your request to inspect and copy your PHI will be completed within 30 days of our receipt of your completed form if the information you want was created in the last two years and we have the information onsite. If the PHI you request to inspect and copy is older than two years and/or we don't have it onsite, your request will be completed within 60 days of receipt of your completed form. If we are unable to complete the request within the designated timeframe, we will notify you in writing that an extension is needed.

We may deny your request to inspect and copy your PHI in certain limited circumstances. If you are denied access to your information, you may request that the denial be reviewed. A licensed health care professional chosen by us will review your request and the denial. The person performing this review will not be the same one who denied your initial request. Under certain conditions, our denial will not be reviewable. In this event, we will inform you that the decision is not reviewable. We reserve the right to charge a reasonable copying fee for the cost

of producing and mailing the documents. For more information on our fee structure and to obtain the designated form for your request, please contact us at the address or phone number listed at the end of this notice.

Right to Request Amendment of PHI. You have the right to request that we amend (make changes to) your PHI. Your request must clearly state the information to be amended and the reasons for doing so. We may deny your request if:

- we did not create the PHI
- we do not maintain the PHI
- the PHI is not available for inspection; or
- we believe the PHI is accurate and complete.

All denials to amend will be made in writing. You may respond to our denial by filing a written statement of disagreement. We then have the right to respond to that statement. If we approve your request to amend the information, we will make reasonable efforts to inform others of the amendment and to include the changes in any future disclosures.

We will respond to your request within 60 days of receipt of your request. If we are unable to complete the request within the time required, we will notify you in writing that an extension of 30 days is needed. All requests must be in writing using a form obtained by calling or writing to us. Our contact information may be found at the conclusion of this document.

Right to Receive an Accounting of Certain Disclosures. You have the right to receive a summary of all instances in which we disclosed your PHI for purposes other than treatment, payment, health care operations and certain other activities. Your accounting will be provided to you within 60 days of our receipt of your request, unless we notify you in writing that a 30-day extension is needed. If you make a

request more than once in a 12-month period, we may charge a reasonable, cost-based fee for additional copies. All requests must be in writing on the designated Blue Cross and Blue Shield of Nebraska form. You must complete and sign the form before we can process your request. For more information on our fee structure and to obtain the proper form for your request, please contact us at the address or phone number listed at the end of this Notice.

Right to Receive a Paper Copy. You are entitled to receive this notice in paper form. To do so, please contact us at the address or phone number listed at the end of this Notice. Breach Notification.
